We welcome suggestions and donations to support our on-going efforts to improve MBG. Please contact:

- Reminders**
- Please help maintain MBG's natural environment. We request all visitors to:
- leave plants and other natural objects in their place;
  - refrain from picking flowers, fruits nor seeds;
  - respect wildlife, they are part of the **web of life**;
  - spare all signs and plant labels, vandalism is an offence;
  - dispose garbage properly, use designated trash bins;
  - exercise caution and stay on trails when strolling around; and
  - be considerate of other visitors, let everyone enjoy nature and the outdoors.

**Open hours:** 8:00 am to 4:00 pm, everyday except special holidays  
**Entrance fee:** P 20.00 per person

**1** The Ecotrail is a signposted trail with many interpretation boards that will provide you with information about the flora and fauna at the Makiling Botanic Gardens.

**2** Let our Educators for Nature Tourism (ENTs) guide you around the gardens and help you understand about the importance and the conservation status of our rare and endemic plants.
